

Rights Center and Museum, site of the birth of the sit-in movement that fomented at A&T in 1960. Dr. Renick left the university in 2006 for a national education position.

Dr. Lloyd “Vic” Hackley served as interim chancellor in 2006 and Dr. Stanley Battle was named chancellor in 2007.

Dr. Battle joins a long line of distinguished university leaders who have moved A&T from a small, land-grant college to an international university with a reputation of graduating the most minority engineers, one of the largest producers of African American certified public accountants, and, true to its heritage, home to the largest agricultural school of any historically black college or university and the second largest producer of minority agricultural graduates.

This is the A&T we believe in.

VISION OF THE UNIVERSITY

North Carolina Agricultural and Technical State University is a learner-centered community that develops and preserves intellectual capital through interdisciplinary learning, discovery, engagement, and operational excellence.

MISSION OF THE UNIVERSITY

North Carolina Agricultural and Technical State University is a public, doctoral/research intensive, land-grant University committed to fulfilling its fundamental purposes through exemplary undergraduate and graduate instruction, scholarly and creative research, and effective public service. The University offers degree programs at the baccalaureate, masters and doctoral levels. As one of North Carolina’s three engineering colleges, the University offers Ph.D. programs in engineering, as well as two interdisciplinary Ph.D. programs in Leadership Studies and Energy and Environmental Studies. Basic and applied research is conducted by faculty and students in eight research clusters: Advanced Materials and Nanotechnology, Computational Science and Engineering, Public Health, Biotechnology and Biosciences, Leadership and Community Development, Information Technology, Transportation and Logistics, and Agriculture, Energy and Environment.

POLICY GOVERNING PROGRAMS AND COURSE OFFERINGS

All provisions, regulations, degree programs, course listings, etc., in effect when this catalogue went to press are subject to revision by the appropriate governing bodies of North Carolina Agricultural and Technical State University. Such changes will not affect the graduation requirements of students who enroll under the provisions of the catalogue.

NONDISCRIMINATION POLICY AND INTEGRATION STATEMENT

North Carolina Agricultural and Technical State University is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, gender, age, or disability. Moreover, North Carolina Agricultural and Technical State University is open to people of all races and actively seeks to promote racial integration by recruiting and enrolling a larger number of white students.

North Carolina Agricultural and Technical State University supports the protections available to members of its community under all applicable Federal and state laws, including Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 799A and 845 of the Public Health Service Act, the Equal Pay and Age Discrimination Acts, the Rehabilitation Act of 1973, and Executive Order 11246.

THE UNIVERSITY OF NORTH CAROLINA

In North Carolina, all the public educational institutions that grant baccalaureate degrees are part of the University of North Carolina. North Carolina Agricultural and Technical State University is one of the 16 constituent institutions of the multi-campus state university.

The University of North Carolina, chartered by the N.C. General Assembly in 1789, was the first public university in the United States to open its doors and the only one to graduate students
