The synthesis of teaching and research is fundamental to North Carolina A&T State University. To that end, the Division of Research & Economic Development (DORED) maintains a balanced and diverse portfolio of basic and applied research programs that are effectively integrated with undergraduate and graduate education.

Over time, these programs have evolved into a number of robust inter-disciplinary [centers and institutes](#), specialized research laboratories and partnerships that sustain the University's core strengths and enhance its competitiveness.

**Largest School of
Agriculture
amongst HBCUs**

"Our continuous aim is to create environmentally safe and socially responsible products and to improve the quality of life for everyone."
