How could this Chairs Retreat be improved?

- Address topics that could make us better Chairs – more knowledgeable of this position and its duties & responsibilities
- I do not think of any ideas at this point: well done
- We need to do better job helping you with topics, maybe from Chair focus group
 - Chancellor should come and listen
- Have it on campus
- More open discussion
- Bring in the Chancellor as well
- Food! Location (who wouldn't want the O Henry?!) ☺
- Better following from previous retreats. It would be good to see retreat to the next – recommendations of one retreat resulting in actions taken
- Would like to see topics covered such as:
 - Evaluation of faculty by Chairs
 - Post tenure review and other topics that would assist Chairs in their role
 - It is always good to exchange information and ideas

Other comments or suggestions:

- Good, overall
- We need a handout for the QEP Presentation
- We need to discuss as a small group to facilitate our job
- Great first experience for me. The next retreat will be the real test of how effective (not useful) the discussions are.
 - Very well organized
