How could this Chairs Retreat be improved?

- Consider more frequent meetings during the academic year
- Create a committee of chair mentors for chairs serving less than 3 years
- Measure level of achievement of recommendations
- Great improvement from last retreat
- It is already very good as is
- Move strategic topics
- Fewer topics; more time for each
- Need more time for roundtables in order to have in-depth coverage of topics
- Depending on subject, it might be interesting to invite an expert from outside campus to give a presentation
- The room is nice; however, the tables are too close to each other. Noise may be disturbing. The hotel staff working around, makes a lot of noise too (setting – up for lunch for example)
- More in-depth topic discussion on specific areas related to enrollment management (registrar, financial aid, student accounts, orientation)
- More time for single topics of importance, four is too many
- Separate rooms if possible. Some groups were loud. Input levels varied. Some facilitators dominated the discussion.
- Focus topic and work through solution that can lead to outcome, policy that has consensus report
- Opportunities to interact with chairs who chose other numbers (1-4), other than remain with the same groups for all 4 roundtables.

Thank you for your attendance and participation.

Other comments or suggestions:

- Probably best yet
- Facilitators kept discussion relevant and on point
- The location was fantastic! The facility and food was great!
- Healthy snacks for break please.
- Why hold retreat during summer?
- Very informative sessions
- Provide report on implementation or new policies that occur as a result of this retreat
- New chairs need an orientation (guess who wrote this)
