Re: NCAT Spring 2009 Student Evaluation of Course Instruction Results

This memo is to inform you that the Spring 2009 Student Evaluation of Course Instruction survey was administered and completed. The Spring 2009 Evaluation of Instruction survey opened on April 13, and closed May 4th, 2009. The Survey had a student participation rate of 48% for Spring 2009. The student participation rate for Fall 2008 was 46% and the rate for Spring 2008 was 39%. Our average student participation rate for the past three semesters is 44%. Also, a summary of the results in the form of overall mean scores by school was sent to the deans along with a department summary report. Department chairs received a copy of the department summary report which consisted of mean scores and response rates for each department.
