UPWARD BOUND/UPWARD BOUND MATH & SCIENCE

About North Carolina A&T State University Upward Bound

Purpose

Upward Bound and Upward Bound Math and Science are federal TRIO programs sponsored by the U. S. Department of Education. The Upward Bound Program at North Carolina A&T State University was established in 1966. The purpose of Upward Bound is to generate in participants the skills and motivation necessary for success in postsecondary education programs.

The newly funded Upward Bound Math and Science Program was established at A&T in 2007. The purpose of Upward Bound Math and Science is to generate in participants the skills and motivation necessary for success in postsecondary education programs that lead to careers in math and science.
