Total student contacts through emails	69,328	217,470	214%
Total student contacts from all sources	79,714	231,156	190%

FINANCIAL SUPPORT

The budget allocated by the State of North Carolina was not sufficient. In order to carry out the total function of the Office, raising funds were essential. Quality programming and technical support, as well as operational cost required fund raising initiatives. In addition to the \$13,688.76 received from the state for supplies and communication (this did not include salaries or benefits), \$258,079.17 (as of June 10, 2008) was generated through donations, sponsorships, and career fairs. These funds were in support of a projected operational budget of \$277,018.00.
