RE: CONSORTIUM GRADES

DATE: June 25, 2008

Under the Consortium Agreement with Bennett College, Elon University, Greensboro College, Guilford Technical Community College, Guilford College, High Point University and the University of North Carolina at Greensboro, students who participate in the consortium program take courses at the host institution, and the grades are treated as if they completed the course at the home institution. Students receive grade points and hours for the classes that they register for at the host institution, unlike transfer credits where students only receive the hours.
