

How to Modify the Button/Navigation Link Style

Instructors can enhance the appearance of a course by modifying the course menu style. The course area items in the course menu can appear as buttons or navigation links. The color of the course menu items can also be changed to match other aspects of the course (i.e. course banners).

1. Open a course that you are teaching.

2. Enter the **Control Panel**.

3. Under **Course Options**, click **Course Design**.

4. Under **Course Design**, click **Course Menu Design**.

Course Menu Design

Set Menu style and properties for the course.

▶ **Manage Menu Display Options**

Select course menu display options and defaults.

▶ **Manage Tool Panel**

Manage the tool panel displayed on the course menu.

▶ **Course Banner**

Add or remove a banner image on the Announcements page in the course.

- Under **Course Menu Design**, select the **Menu Style** (*Buttons* or *Text*).

Selecting the Text Menu Style

1. After you select the **Text** menu style, you will **Select Style Properties**.

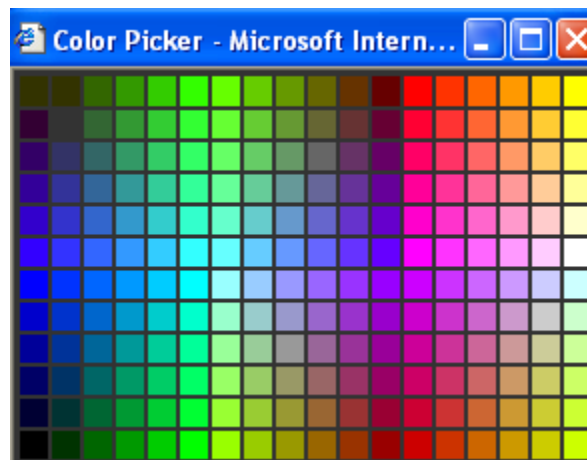

2 Select Style Properties

Instructions:
Click on the color picker to choose a color.

Select background color for Menu: 

Select text color for Menu: 

2. Choose a **background color** for the menu by clicking the  icon.
3. Once you click the icon, a color window will appear.

If you have your pop-up blocker on, the window may NOT appear. To view this window, set your computer to temporarily allow pop-ups from this site.

4. Make your color selection by clicking the color once.
5. Follow the same process to select a **text color** for the menu.
6. Once you have selected colors for your **background** and **text**, click **Submit**.
