

**Graduate Degree Questionnaire**  
(Doctoral Degree Programs)  
Table #2a

---

**Statement:** Please explain your process for making necessary changes.

---

- Graduate committee meets to discuss changes.
- I base decisions for course revision on results from previous student outcomes.
- Assessment findings are channeled to Graduate program committee, chaired by graduate program coordinator, changes are then proposed to and adopted/modified by faculty committee.
- Discussion with Advisory Board and faculty meetings. Present to Dean of Graduate Studies.
- Establish desired target outcomes; use the defined assessment instruments to evaluate the assessment results, if the assessment results are less than the established targets, action plans are implemented to achieve the established success targets.
