Welcome

Mrs. Minnie Battle Mayes,
Director

Welcome to the official website of the Office of International Programs at North Carolina Agricultural and Technical State University. The Office of International Programs (OIP) is a unit within the Division of Academic Affairs, and was established by Chancellor James C. Renick in March 2000 to provide cohesiveness and direction for the international affairs of the University.

I invite you to review "[Uncompromising Excellence: A Blueprint for the Future](#)"

which outlines the University's vision to establish and ensure an interdisciplinary focus that increases international opportunities for our students and faculty.

The objectives of OIP encompass all disciplines in the University and includes: academic exchange programs for students and faculty; study abroad; managing agreements with overseas institutions; working with faculty to develop new international programs; Global Studies Certificate Program; and global awareness activities through various cultural and educational activities throughout the year to create a campus-wide global perspective. International students on our campus play a major role in helping the campus to develop that international perspective and we welcome them to our campus.

The Director of International Programs works closely with the Office of the Provost, the Deans and the Faculty to ensure international experience and exposure for all in our university community.

Again, the staff of the Office of International Programs welcomes you to our website. We challenge you to consider the opportunities presented both on campus and abroad to expand your horizons.

Minnie Battle Mayes, Director
Office of International Programs
