TALA Borrowing Agreement

The member libraries of the Triad Academic Library Association have entered into a borrowing agreement with all other TALA libraries, enabling students and faculty in good standing at their home institutions to borrow from other participating libraries. [Lending privileges](#) vary by institution. The agreement allows for students and faculty from each institution to borrow in person from the other institutions, and is a complement to Interlibrary Loan when students and faculty want to borrow from those collections but have little time and their own transportation! The borrowed material also needs to be returned to the library that owns it; see participating [libraries' addresses](#).

The links below will provide you with access to the participating libraries' online catalogs:
