BOARD OF GOVERNORS MEETING

The University of North Carolina

September 8, 2006

The Board of Governors met in regular session on September 8, 2006, in the Board Room of the General Administration Building, Chapel Hill. Mr. Phillips, the chairman, called the meeting to order at 9:30 a.m.

INVOCATION

Mrs. Gage gave the invocation:

Heavenly Father, we pray for all those around the world who want to learn, but are denied the right to an education. We pray for those who teach, especially those who work with few resources and little support. We give thanks for the knowledge, skills, and understanding we have, and we ask for Your help to remember how much we still have to learn. Teach us to respect wisdom wherever we find it. Open our hearts and minds to new learning, even when it challenges us to change. We gather today to craft the destiny we share with one another, with hearts and minds open to the wisdom of every voice among us. In this gathering, may we dream and design a bold future, may we bring our best selves to this service, and may we dream these dreams and do this work with honor. We ask in Thy name, Amen.

Mr. Smith introduced State Auditor Merritt who stated that he was grateful for the chance to address the board and he believed the University is operating effectively and with minimal issues. He commented on how impressed he was by the members of the Audit Committee and their commitment and focus to improve the University and he pledged his office’s support in the committee’s endeavors.

Mr. Smith urged the Committee on University Governance to consider financial experts as members of the campus boards of trustees so these members can serve on the campus audit committees.

REPORT OF THE COMMITTEE ON BUDGET AND FINANCE

Mr. Bowden, chair of the Committee on Budget and Finance, presented the committee’s report.

Establishment of an Associated Entity – UNC Chapel Hill

Mr. Bowden stated that the Kenan-Flagler School of Business of UNC Chapel Hill has requested authority to establish three associated entities, the KFBSF Private Equity Fund I, L.P.; the KFBSF Real Estate Fund I, L.P.; and KFBSF, Inc. They will be educational programs of the Business School and will give selected students hands-on experience in
operating private investment funds. He stated that UNC Chapel Hill intends to follow all of the
required elements as outlined; however, there is no assurance that the associated entities, as
requested, would qualify as a tax-exempt entity under Section 501(c)(3) of the Internal Revenue
Code.

On behalf of the committee, Mr. Bowden moved that the board authorize the
establishment of KFBSF Private Equity Fund I, L.P., KFBSF Real Estate Fund I, L.P., and
KFBSF, Inc. as UNC Chapel Hill associated entities to manage the investment funds as
educational programs at the Kenan-Flagler School of Business without their obtaining nonprofit
tax exempt status. The motion carried. (Appendix F)

REPORT OF THE COMMITTEE ON EDUCATIONAL PLANNING, POLICIES, AND
PROGRAMS

Dr. Taylor, chair of the Committee on Educational Planning, Policies, and
Programs, presented the committee’s report.

The UNC Health Care System Annual Report FY 2005-2006

Dr. Taylor stated that the UNC Health Care System was given flexibility by the
General Assembly in personnel, purchasing, property, and property construction and is required
to provide an annual report on the exercise of that flexibility. The System is implementing a
performance-based compensation plan that has resulted in improved recruitment, less turnover,
and a reduced need for contract employees who are much more expensive than regular
employees. Additionally, the Health Care System has made changes to improve access to health
care especially for those without insurance or with low incomes. All uninsured patients receive a
25% discount on services and patients below 250% of the federal poverty guidelines will not be
charged for services beyond co-payments. In FY 2006, the UNC Health Care System provided the largest amount of uncompensated care in its history – over $96 million and up 8.5% from 2005.

In addition to the standard report, Chief Executive Officer Dr. Bill Roper provided a document responding to a petition drive initiated to call attention to the claim of its advocates that the focus on financial performance at the Health Care System resulted in some poor patients not getting care. Dr. Taylor stated that this document, in which Dr. Roper reaffirms the Health Care System’s commitment to serve all the people of North Carolina, is included in the board notebook.

On behalf of the committee, Dr. Taylor moved approval of the UNC Health Care System Annual Report FY 2005-2006 and requested that it be conveyed to the Joint Legislative Commission on Governmental Operations. The motion carried. (Appendix G)

Policy 400.1.5, Improving Retention and Graduation Rates

Dr. Taylor stated that the committee approved a revised policy on retention and graduation rates at its August meeting and the board was notified that it would be asked to vote on the revised policy this month. She added that the policy was revised to include retention and to require campuses to have goals for improving retention and graduation rates and that the President will provide guidelines for campuses to meet the requirements of the revised policy.

On behalf of the committee, Dr. Taylor moved approval of revised Policy 400.1.5, Improving Retention and Graduation Rates. The motion carried. (Appendix H)

REPORT OF THE COMMITTEE ON PUBLIC AFFAIRS

Mr. Lail, chair of the Committee on Public Affairs, presented the committee’s report. He noted that the committee heard an impressive advancement update from Associate
Vice President Foxx that showed that in FY 2005 the campuses raised over $436 million, five-year growth trends are on target, and several campuses have experienced over 100% growth rate since 2001.

Mr. Lail stated that the committee welcomed Mr. Miles Lackey as the new Director of Federal Relations. Mr. Lackey, a native North Carolinian, joins General Administration from Senator Dole’s office and will be a wonderful addition to the Federal government relations effort.

Finally, the committee heard reports from the three subcommittees – Economic Transformation, Legislative Affairs, and Public Service. The Economic Transformation Subcommittee, chaired by Mr. Hayes, will be looking at policies and working with General Administration to implement some of the recommendations suggested by The Role of the University in Economic and Community Development report. The Public Service Subcommittee, chaired by Mrs. Robinson, will examine ways to emphasize public service with university faculty, staff, and students. And the Legislative Affairs Subcommittee, chaired by Mr. Barringer, will continue to work on our state and federal legislative efforts.

**REPORT OF THE COMMITTEE ON UNIVERSITY GOVERNANCE**

Mr. Davis, chair of the Committee on University Governance, presented the committee’s report.

The University of North Carolina Umstead Review Panel

Mr. Davis reported that there are three terms ending June 30, 2010, on the University of North Carolina Umstead Review Panel and the board is responsible for appointing three non-employees of the University to serve on this newly established panel.
On behalf of the committee, Mr. Davis recommended the appointment of John F.A.V. Cecil of Asheville, Bert Collins of Durham, and Robert F. Warwick of Wilmington to serve on the UNC Umstead Review Panel. The motion carried.

The University of North Carolina Health Care System - Board of Directors

Mr. Davis reported that the committee received notice from President Bowles appointing Dr. Charles A. Sanders of Durham to serve as an at-large member of the UNC Health Care System Board of Directors. On behalf of the committee, he recommended the ratification of the President’s appointment. The motion carried.

Mr. Davis stated that the committee has begun the 2007 selection process for each of the sixteen institutional Boards of Trustees and intends to bring a provisional slate to the board for consideration at the March 2007 meeting. Trustee orientation required by the Board of Governors will be scheduled in April and the committee will bring back the campus trustee recommendations for board approval in May following completion of this orientation. He added that the committee welcomes nominations and recommendations for service on these boards and will keep members informed as the selection process goes forward.
