

## **SECTION 204.**

## **ETHICS AND CONFLICT OF INTERESTS**

It is of critical importance that decisions made on behalf of the University by its governors be in the best interest of the University and not be influenced by any potential financial gain to the decision-makers. Furthermore, to assure public confidence in the integrity of the University, it is important that the University not appear to be influenced by the personal financial interests of those in decision-making positions. In order to assure public confidence in the integrity of the University, members of the Board of Governors of the University should not use their positions, or appear to use their positions, to influence the decisions of the University for their personal financial gain. At the same time, the University should be able to take advantage of contracts that are advantageous to the citizens of North Carolina and to the University and should avoid having service to the University be so restrictive that persons with substantial financial interests will be reluctant to serve. In order to accomplish these goals, the Board of Governors shall adopt and enforce a policy governing conflicts of interest of its members. Each member of the Board of Governors shall comply with this policy.
